

QUESTIONNAIRE FOR THE EVALUATION OF COURSE/TEACHING/LECTURES

2nd Cycle

TEMPLATE

A. The course

Evaluate the following statements according to the grading scale below:

I disagree (1)	I rather disagree (2)	I neither agree nor disagree (3)	I rather agree (4)	I agree (5)
-------------------	--------------------------	--	-----------------------	----------------

- A1. The course organization (compliance with the timetable, course replacements, timely announcement of the examination system, information about the course outlines, schedule of intermediate examinations, additional educational activities, announcements) was adequate.
- A2. Recommended bibliography and other material used (notes, power point presentations, articles, videos) covered the course content sufficiently. and were adequate for the completion of exercises and projects assigned.
- A3. Using a webpage or an educational platform (e-learn, e-class etc.) to upload course material, was useful, helped me understand the course and study further.
- A4. The course helped broaden my horizons and improve my competences and skills.

B. The Professor/Faculty staff:

(In case more you had more than one, please do so for the entire faculty staff)

Evaluate the following statements according to the grading scale below:

I disagree (1)	I rather disagree (2)	I neither agree nor disagree (3)	I rather agree (4)	I agree (5)
-------------------	--------------------------	--	-----------------------	----------------

The Professor/faculty staff:

- B1. Was well prepared and able to explain and clearly analyze the course content, during weekly lectures and additional educational activities.
- B2. Could answer questions clearly during lectures.
- B3. Was available and willing to guide me during office hours (face to face or online)
- B4. Encouraged questions and remarks made by students and promoted dialogue during lectures.
- B5. Could make me interested in the course.
- B6. Could demonstrate the connection between course and current research activity. B7. Distribution of course material between weekly lectures and additional educational activities (tutorials, laboratory rotations) was sufficient.
- B8. The learning outcomes, as described in the course outline, were achieved.

C. General Evaluation

Your opinion and suggestions are very important, please include them in the following open questions.

C1. According to your opinion which were the strong points of the course, worthy of being maintained?

[Space for your answer]

C2. Suggestions for improving the course:

[Space for your answer]

D. General Information

I chose the course because:

(You can select more than one answers)

- It is mandatory in the division I have chosen.
- It is an elective course in the division I have chosen.
- It is an elective course, and I am interested in the topic.
- The course is obligatory to apply for a PhD.
- It strengthens the connections with the labor market.
- I enjoyed a previous course with this Professor/Faculty staff.
- I had no other choice, according to the programme of this semester.
- Other reasons [Please explain]
